
Music Reviews

The scope of this category is to publish reviews of musical experiences - performances by people based around Manchester, music relating to Manchester, and reviews of musical performances written by people around Manchester. As this is a new initiative on the site, contributions and suggestions on how best to structure and solicit these reviews are welcome.

Suffice to say that the site cannot pay for contributions, but links from the reviews are possible where they are relevant. Please Email me your music reviews to reviews@manchestersalon.org.uk
